

CRONO 185

Little sister of the more powerful CRONO 248, the CRONO 185 finds its perfect application in the handling of pallets in triple depth.

Simpler and easier than the 248, it perfectly fulfills the needs of those customer who need to move intermediate loads with long strokes for picking and laying.

Mainly used in the US market, the CRONO series is the best answer for an up-to-date and rational stocking.

| PRODUCT CODE | Q LOAD (KG) | L FIXED BODY LENGTH (MM) | LS UPPER SLIDE LENGTH (MM) | S3 STROKE (MM) | MAX BENDING UNDER LOAD (MM) |
|--------------|-------------|--------------------------|----------------------------|----------------|-----------------------------|
